

ASTON MARTIN MODEL RANGE CAR COVERS INDOOR & OUTDOOR

These fully tailored indoor car covers are made of a soft cotton mix with a protective fleece lining allowing moisture to evaporate. The fabric is yarn dyed to prevent fading and is fully washable. Available in a range of colours with contrast piping and logo. For Volante and Roadster models there is a special Interliner available separately to ensure cotton fibres are not transferred to the hood material.

The handmade outdoor covers are tailored for a perfect fit, and offer protection against frost, snow, tree sap and bird droppings. Ideal for cars in regular use, they help prevent accidental knocks and scratches and protect against UV damage to paintwork and interiors. Made from fully breathable fabric they can be used indoors or out, and whether your car is damp or dry. A strong webbing strap helps prevent the cover lifting in high winds.

Supplied with an individual storage bag. Available to order for DBS, DB9, V8 Vantage, Vanquish, DB7 Vantage, DB7 and all Heritage models back to DB4.

Available in a range of standard colours. Bespoke colours can be made to order. Please contact your Dealer for order information and colour availability/options.
